Notes on company ownership and tonnage calculations:

A. For worldsteel members, the data was sourced from their official tonnage declaration.

B. For Chinese companies, the official CISA tonnage publication was used.

C. In cases of more than 50% ownership, 100% of the subsidiary's tonnage is included. In cases of 30%-50% ownership, pro-rata tonnage is included.

Unless otherwise specified, less than 30% ownership is considered a minority interest and therefore not included.
